What room should I use?

1. **Dry Classroom (109)**: This room can hold 10-15 people and is available to internal, affiliated, and non-affiliated groups.
2. · **Wet Classroom (214)**: This room can hold 15-20 people and is available to internal groups. Affiliated and non-affiliated groups can request use of the Wet Classroom but it must be approved by the Chair. Use of this classroom is severely restricted due to the scientific equipment and specimens stored in this room.
3. · **Oceanography Classroom (508)**: This room can hold about 15 people. Due to the equipment stored in this room it is not available for affiliated or non-affiliated group use.
4. · **Think Tank (202)**: This room can hold 10-15 people and is available to internal, affiliated, and non-affiliated groups.
5. · **Group Study (103)**: Also known as the “whale room”. This room can hold 10-12 people and is available to internal, affiliated, and non-affiliated groups.
6. · **Seminar Classroom (101)**: This room can hold up to 110 people (without tables) and is available to internal, affiliated, and non-affiliated groups. There are tables, chairs, and a small kitchen available for use.
